

Drum Mowers

Tar River Implements is proud to introduce the new line of Drum Mowers. With very few moving parts, low maintenance and a heavy built frame, the Tar River Drum Mower is a great economic alternative to the Disc and Sicklebar Mowers while still giving a good cut. The BDR Series Drum Mower can mow at high speeds and offer reliable mowing in all conditions, easily cutting through tall and thick grasses. Available in 3 popular sizes, Tar River Implements has a perfect fit for your small hay operation.

Each unit comes with a tool to change the blades & an extra set of blades!!!

Drum Mower Benefits:

- Mow at High Speeds
- No Hydraulics Necessary
- Few Moving Parts & Easy Maintenance
- Great Alternative to Disc & Sicklebar Mowers for Small Hay Producers
- Easily Cuts Through Tall and Thick Grass

Now Available with Optional Hydraulic Lift!!!

BDR Series Drum Mower Features:

- Heavy Duty A-frame
- 3 Blades per Drum (2 on the BDR-135)
- Compensation Spring "Break-Away" System
- High Blade Tip Speed for Smooth, Fast Cutting Efficiency
- 4 V-Belts
- Internal Overrunning Clutch
- Easy & Quick Blade Change
