

FORZA

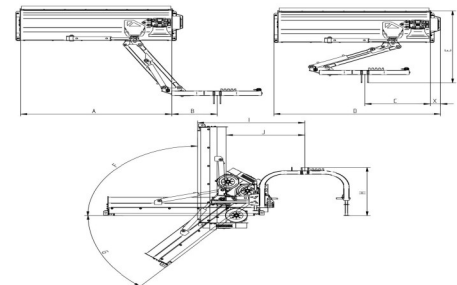

The FORZA line of flail mowers covers all of your needs; from heavy duty ditch bank mowers to compact 3 Pt. rear flail mowers. FORZA offers superior quality and versatility – whether you're a smallholder, contractor, or farmer. All of our models are equipped with protective rubber curtains to stop debris from being thrown out from under the machine and are fitted with counter-knives which further breaks down the material. All mowers have 4 settings of rear roller height adjustment (2 - 4 - 6 - 8cm) and are fitted with skids to protect the main frame body from damage. European designed and manufactured, Forza will hold up for many years.

Model	HP Rating	Working Width	Hitch	Mount	Cutting Cap.	Belts	Blades	Weight lbs.
Comet-51	18-35	51"	Cat 1	Center	1"	3	"Hammer"	408
